

CAT LAI PORT HEAD SWING WEIGHING SERVICE

Dear Customer

First of all, Tan Cang Logistics And Stevedoring Joint Stock Company (Tan Cang Logistics) sincerely thanks for your attention, support and companionship during the past time.

Tan Cang Logistics is a member company in the system of Saigon Newport Corporation (SNP). Over 17 years of building and development, up to now, Tan Cang Logistics has become a strong company and an important link in the chain of port operations of SNP.

Currently, in order to meet the increasing demands of customers for container weighing services, Tan Cang Logistics has invested and operated 02 (two) modern electronic platform scales right in Cat Lai port to minimize time and create convenience for customers when performing freight forwarding at the port, especially ensuring the criteria for the accuracy of weighing results.

Scale parameters:

- Accuracy grade : Grade III (according to DLVN 13: 2009)
- With scale size : 3,5m x 18m
- Standard load : 100 tons
- Graduated value : 10Kg
- Weighing platform : Anti-slip ribbed steel, shot blasting meeting SA 2.5 standart

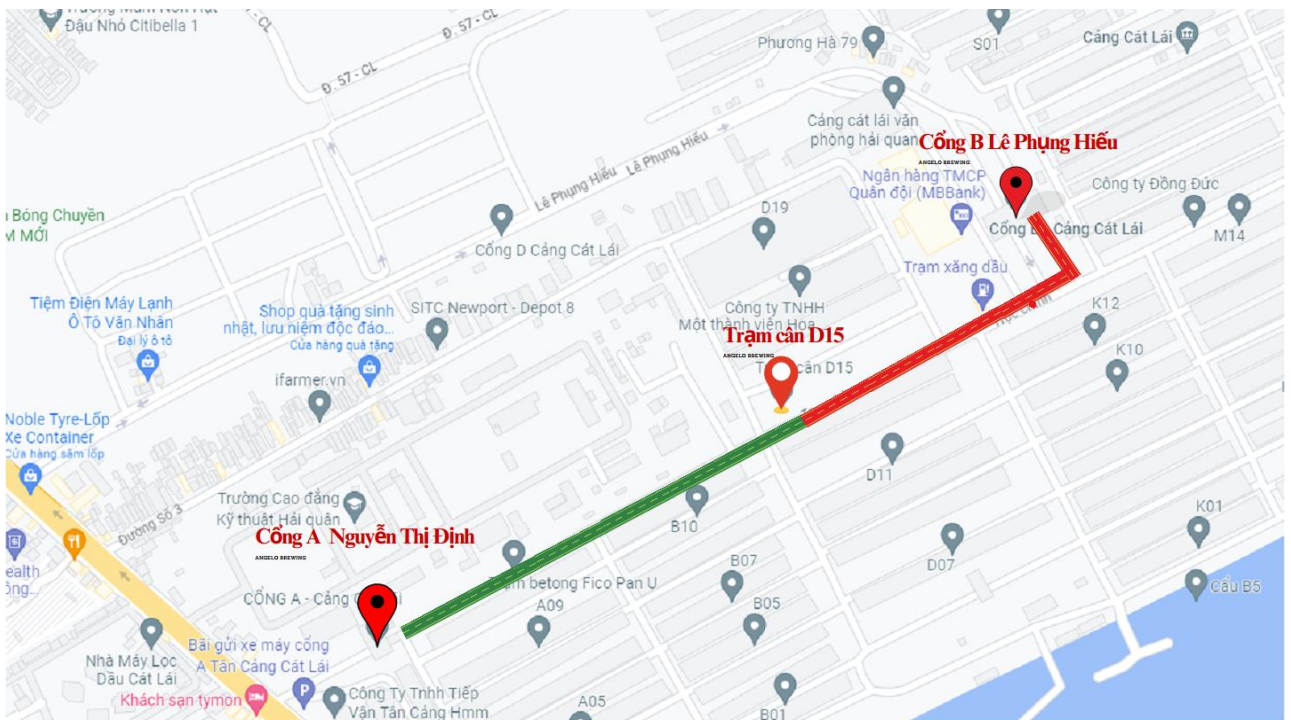

Using advanced electronic technology, digital loadcell and digital indicator of Cencan Scales Company (Imported from Canada).

Error Level:

- Fluctuates ± 05 kg when weighing vehicles with a mass from 200 kg to 5,000 kg
- Fluctuates ± 10 kg when weighing vehicles with a mass of 5,000 kg to 20,000 kg.
- Fluctuates ± 15 kg when weighing vehicles with a mass of 20,000 kg to 100,000 kg

All scales are checked and verified by the Department of Standards, Metrology and Quality before being put into operation, so they ensure transparency, accuracy and quickness.

Convenient location in the area of Import Yard – Cat Lai Port to ensure high safety; yards, wharfs with good traffic.

There is a separate waiting room, networked computers, printers for customers and agencies wishing to use 24/7 weighing services.

Extract images and videos when customers need to check and compare vehicles entering and leaving the weighing station (within 30 days)

The customers wishing to weigh containers will register and pay fees when carrying out container forwarding procedures at the port or contact for support:
